

Our CLIENTS say it Best!

"We would like to thank Corinthian's staff for the exceptional level of service they have provided us since joining the Corinthian family in 2006. It has best decision we made in protecting our horses and our business! The reason we selected them is because they understand our business and our greatest concerns. Not only did they save us money, but they streamlined our entire insurance program. Best of all it was a painless and smooth transition from our prior agent. Right from the beginning Corinthian's winning team has been there for us for all our insurance needs. They currently provide us with professional equine liability, care custody and control, auto, workers compensation, mortality and now we are reviewing our life insurance needs. Whether it was a billing issue or a question on our coverage; they have consistently been prompt, knowledgeable, professional and a real pleasure to deal with. If you are involved in horses we recommend you contact Corinthian Insurance. You will be pleasantly surprised."

"We have come to depend and rely on the staff at Corinthian Insurance for the protection we need for our very busy riding and training center. Our previous agent that we have dealt with prior to selecting Corinthian Insurance just did not understand our operation. We now have the confidence and peace of mind we had desperately been searching for over the years. Bottom line is they have delivered what they promise and much more. Whether you are professionals like us or a recreational rider; if you want an agency that really gets the horse business you should give them a call. When it comes to horse and farm insurance they are the best. Thank you Corinthian for all your help and support!"
